

# How to Pay Rent Using CashPay

**CashPay** is a service we provide in which we have partnered with **CheckFree Pay**.

- Residents are able to pay their rent at any **CheckFree Pay** location customer service desk (i.e.: Kroger, Walmart).
- Residents are charged a \$4.00 processing fee per transaction.

We offer two different CashPay options. \*Fees may apply

If you were issued a CashPay PayLease Account ID#, you can find the nearest CheckFreePay agent location at: [www.paylease.com/cashpay/locations](http://www.paylease.com/cashpay/locations). Simply present your PayLease card and cash payment to the store clerk. Make sure to keep your receipt with your payment transaction number.

If you were not issued a Cashpay PayLease Account ID#, please call All County Capital at (512) 668-6100 to get one set up.

It is important to note that payments do not go to the name of the property, but are processed under the PayLease name only. Also, all payments are to be processed via the CheckFreePay system. MoneyGram is not an authorized provider for any PayLease bill. For any questions about your payment, please contact your property management office.
